

# BUBBLE CAN RUN

## OBJECT OF THE GAME:

Cross the finish line first without popping your bubble!

## WHAT YOU'LL NEED:

- 1 Empty can per player
- 1 Can opener
- Duct tape
- Bubble solution

## INSTRUCTIONS:

**Setup:** Remove both ends from each can. Cover the cut edges in duct tape to ensure there are no sharp edges.

**Playing the Game:** Dip each end of the cans in a pan filled with bubble solution. Send players to the starting line. The players will then race to the finish line while holding their cans horizontally. The first player to reach the finish line with a bubble still intact, wins!
