## INSTRUCTIONS:

**Setup:** Ask players to line up, all facing forward. Then, players will kneel down and cover their heads.

**Playing the Game:** To start the game, the last person in line will rise to their feet. Then, they will place their hands on the next players back, using it as a platform to jump over. This player will spread their legs like a frog and leap over each player in the line. Once the first player makes it to the end, the next person will repeat the same steps.
