

# SHOEBOX SLIDE

## OBJECT OF THE GAME:

Make it to the finish line first!

## WHAT YOU'LL NEED:

- Two empty shoe boxes per player
- Tape and scissors (optional)

## INSTRUCTIONS:

**Setup:** If lids are available, tape them onto each box and cut holes in the top. Provide two shoeboxes per player.

**Playing the Game:** When the race starts, players will slip their feet into the shoeboxes. They will then race to the finish line by sliding their feet across the ground, keeping them inside the shoeboxes at all times. The first to reach the finish line, wins!
