

WATER BALLOON VOLLEYBALL

OBJECT OF THE GAME:

Don't let the water balloons pop in your towel!

WHAT YOU'LL NEED:

- 1 towel per pair
- 1 net (optional)
- Water balloons

INSTRUCTIONS:

Setup: Pairs will stand on either side of the net. Give each pair 1 towel and ask players to hold the corners of the towel, creating a "basket" between them.

Playing the Game: Pairs will place a water balloon on the towel and toss the balloon to pairs on the other side of the net. Pairs will try to catch the balloon in their towel without popping it, then send it back to the other side of the net. The pair to have the fewest balloon pops in their net, wins!
