

3+1 Program

MEMORANDUM OF UNDERSTANDING

OSU Center for Health Sciences –

College of Osteopathic Medicine

This Memorandum of Understanding (“Agreement”) confirms the 3+1 Program between Langston University (LU) and Oklahoma State University - Center for Health Sciences (OSU-CHS), College of Osteopathic Medicine for the 2025-2026 academic year.

The 3+1 Program offers students a unique opportunity to complete their pre-doctoral medical training in seven years by completing three years of undergraduate education at LU and four years of medical education at OSU-CHS College of Osteopathic Medicine. Students apply to the 3+1 Program in their junior year. After meeting the requirements outlined in the Academic Catalog, additional requirements for LU students (Attachment 1), and the first year of medical school, LU will award an undergraduate degree to students accepted into the 3+1 Program.

Eligibility requirements for applicants to the 3+1 Program:

- Be enrolled as a full-time student at LU and have completed no more than four (4) semesters at the time of application (concurrent coursework taken during high school, received AP credit, and summer coursework does not count towards this semester limitation);
- Courses earned as concurrent enrollment, received AP credit, and summer coursework will be accepted;
- Achieve a minimum 3.5 cumulative Grade Point Average (GPA) and a 3.5 science GPA at the time of application;
- Science GPA will be calculated according to the course subject categories defined by the American Association of Colleges of Osteopathic Medicine Application Service (AACOMAS);
- Complete 60 or more credit hours toward a bachelor’s degree at the time of application to OSU-CHS;
- Complete at least 500 hours in a health-related setting at the time of application;
- Submit a complete application for admission through the American Association of Colleges of Osteopathic Medicine Application Service (AACOMAS) by October 1 of their junior year;
- Submit a complete secondary/supplemental application for admission by October 15 of their junior year;

- Submit a verification form to the OSU-CHS Admissions Committee confirming that they will meet the academic requirements from LU and OSU-CHS to earn their bachelor's degree after their first year at OSU-CHS. This form must be completed by the student and verified by the Pre-Health Advisor or Academic Advisor at the time of application; and
- Participate in an in-person interview with the OSU-CHS Admissions Committee during the fall semester of their junior year.

Students must meet with their Academic Advisor to review the Academic Catalog for the approved 3+1 major to ensure they meet the academic requirements for their undergraduate degree and the 3+1 Program before matriculating to OSU-CHS.

Students must check the appropriate box on their secondary/supplemental application to indicate they are applying for the 3+1 Program.

Following an in-person interview, a member of the Admissions Committee and the Assistant Director of Admissions at OSU-CHS will notify applicants of the admission decision by January 1, 2026. The applicant will either be granted provisional acceptance into the 3+1 Program or be invited to apply for admission as a traditional applicant in a later application cycle. OSU-CHS is not required to admit any certain number of 3+1 Program applicants.

Students who are provisionally accepted into the 3+1 Program must fulfill the following requirements to maintain their acceptance:

- Maintain a cumulative 3.5 GPA and 3.5 science GPA. GPA will be calculated at the time of application and before matriculation to OSU-CHS;
- Submit a qualifying score of at least 492 on the Medical College Admission Test (MCAT) by July 1 of their junior year;
- Complete all remaining undergraduate coursework required for their 3+1 major by the spring semester of their junior year;
- Submit final and official transcripts to OSU-CHS in May to demonstrate the completion of academic requirements for the approved major and the final verification by the student's Academic Advisor at the end of the spring semester of their junior year to osucomadmissions@okstate.edu; and
- OSU-CHS may revoke admissions to the 3+1 Program to any student with student conduct, Title IX, or similar violations.

After completing the first year of medical school at OSU-CHS and before enrolling in courses for the second year of medical school, 3+1 Program students must submit a final, official transcript from OSU-CHS detailing all coursework from OSU-CHS after the first completed year of medical school and submit it to the undergraduate Registrar. While a student at OSU-CHS, the 3+1 Program students are subject to OSU-CHS policies and procedures.

OSU-CHS and LU reserve the right to review the Agreement periodically and recommend changes as necessary. If OSU-CHS makes recommendations, LU will have thirty (30) days to accept or reject the proposed changes. The Agreement will be reviewed annually for any updates to majors and academic requirements for approval. Agreed-upon modifications will become effective for the incoming undergraduate class.

For any current application cycle, LU may adjust academic plans on a case-by-case basis with the mutual agreement of both parties, including the Associate Dean for Enrollment Management at OSU-CHS and Vice President of Academic Affairs at LU.

Either program may terminate the Agreement with thirty (30) days' notice.

OSU-CHS and LU understand and agree that LU shall have the right to terminate the MOU, in whole but not in part, without penalty or expense, at the end of any fiscal year if LU, OSU-CHS, the Legislature of the State of Oklahoma, or other appropriate governmental entity fails to allocate sufficient funds to LU or OSU-CHS respectively for payments required or activities contemplated under this MOU. OSU-CHS and LU understand and agree that nothing contained herein shall be construed as a waiver of either party's sovereign immunity.

Attachment 1

Additional 3+1 Requirements for Langston University Students

- Fulfill the requirements outlined in the Academic Catalog for Biology majors;
- Submit one letter of recommendation from LU faculty who taught the applicant in a class or lab where academic credit was earned; and
- Apply for graduation to Langston University by November 1 to be included in the spring commencement ceremony. Students will not officially graduate in May until the degree is conferred in the summer, but they can participate in the ceremony.

The Associate Professor of Biology and Department Chair at LU will:

- Coordinate with the LU Academic Advisor to verify the student's progress toward the 3+1 academic requirements;
- Determine if the student is on track at the beginning and end of each semester to meet academic requirements;
- Consult with the LU Director of Student Conduct over the same time frame to be advised of any outstanding student violations or conduct issues; and
- Provide documentation of student's academic records and conduct to OSU-CHS by the end of the spring semester of their junior year.

Example Course Sequence

FRESHMAN YEAR					
Fall semester			Spring semester		
NB 1114	4	Natural Science Biology I	NB 1124	4	Natural Science Biology II
CH 1315	5	Chemistry I	CH 1515	5	Chemistry II
EG 1113	3	English Composition I	EG 1213	3	English Composition II
CS 1103	3	Intro to Info Processing	PS 1113	3	US Government
PY 1011	1	Personal/Social Development			
	16	Total Hours		15	Total hours

SOPHOMORE YEAR					
Fall semester			Spring semester		
MT 1513	3	College Algebra	MT 1613	3	Trigonometry
CH 3315	5	Organic Chemistry I	PH 1125	5	Physics II
EG 2033	3	Advanced Composition	CH 3325	5	Organic Chemistry II
PH 1115	5	Physics I	BI 3014	4	Microbiology
	16	Total Hours		17	Total Hours

JUNIOR YEAR					
-------------	--	--	--	--	--

Fall semester		Spring semester	
HU 2103	3	MT 2413	3
MT 2145	5	BI 2134	4
BI 2114	4	BI 3144	4
BI 3234	4	HT 1483	3
		SP 2713	3
	16	Total Hours	17

Courses will be transferred from OSU-CHS to LU to complete the requirements for graduation.

FIRST YEAR AT OSU CENTER FOR HEALTH SCIENCES - COLLEGE OF OSTEOPATHIC MEDICINE (2025-2026)

<u>Course</u>	<u>Credit Hours</u>
Fall	21
Osteopathic Manual Medicine I	3
Clinical Anatomy	6
Foundations in Medical Genetics, Molecular Biology, and Developmental Anatomy	3
Foundations in Medical Cell and Tissue Biology	2
Foundations in Medical Biochemistry and Pharmacology	2.5
Foundations in Medical Immunology	1
Medical Science Foundations	3
Medical Advisement and Professional Skills I	0.5
Spring	23.5
Osteopathic Manipulative Medicine II	3
Focus Course in Noteworthy Populations	1
Clinical Care Foundations I	3
Foundations in Medical Microbiology	3
Systems	
• Cardiovascular	4
• Hematology	3
• Genitourinary	3
• Respiratory	3
