

OMEKO

Graduate Medical Education Policy

Approved by the GMEC (Graduate Medical Education Committee) on August 26, 2025

Effective Date: August 22, 2023

Review Date: August 26, 2025

Next Review Date: August 2030

Policy Title: Policy and Procedure Policy

Purpose: To describe procedures for policy development for all ACGME accredited programs.

Policy Type: Sponsoring Institution Policy

Procedures: Setting of OSUCHS/OMEKO Policies

The OSUCHS/OMEKO GMEC will review and approve each OSUCHS/OMEKO policy every five years for quality assurance purposes. If needed, more frequent review may be required of individual policies or all policies.

Any member of the GMEC, teaching faculty, staff member, resident or fellow may submit suggestions to existing policies to the GME office.

All new policies will be reviewed by GME leadership and then presented to the GMEC for final review and vote.

Policies will be approved by majority vote.

Policies that affect a single residency or fellowship training program that does not affect other programs under OSUCHS/OMEKO and does not conflict with any of the sponsoring institution policies, common program requirements, specialty specific program requirements, state or federal law will be identified as a department/program specific policy and does not have to be voted upon by the GMEC.

References:

1.1.a. The Sponsoring Institution must be in substantial compliance with the ACGME Institutional Requirements and must ensure that each of its ACGME-accredited programs is in substantial compliance with the ACGME Institutional, Common, specialty-/subspecialty-specific Program, and Recognition Requirements, as well as with ACGME Policies and Procedures. (Outcome)

1.13. GMEC responsibilities must include review and approval of: 1.13.a. institutional GME policies and procedures; (Core)

V. Institutional GME Policies and Procedures

IV.A. The Sponsoring Institution must demonstrate adherence to all institutional graduate medical education policies and procedures. (Core)
